New shutters have been put up on the Fair Building.

J. F. Way, Esq. is pulling down the old Izlar office to make way for his fine building.

Fine pictures, geraniums, &c., for sale at Mr. T. C. Hubbell's auction and news depot.

Mr. J. C. Pike bought 40 bales of cotton on last Monday. This looks like business for our town.

At last, the trees around the Court House are boxed. The work was done by G. O. Ayers. It ought to have been done long ago.

Mr. Postell, our efficient Railroad Agent, is fast making friends by his business like and yet courteous conduct of the duties of his office.

We are informed that the report in the "News and Courier" that the rent for the Master's office is \$75 per annum is a mistake. It is only \$36.

The hideous chasm made in the wall of Boliver's office by Mr. Bell, seems to us to have the right ring.

Articles for the Floral Fair will be received up to 9 o'clock to-day. Admission 50 cts. for adults and 25 cts. for children.

That shabby little fellow, Fred Grant, son of U. S. Grant, says: "No d—n nigger shall ever graduate at West Point." Is this the teaching of the father to the son?

Go to the Floral Fair to-day and carry all your friends and relations with you. Fair maidens, sweet music and the richest flowers of the county, constitute the attractions of the day.

We regret to learn just before going to press of the death of a little child of Mr. John Ogren. We tender to the sorrowing parents the comforting solace that "of such is the kingdom of heaven."

Mr. L. E. D. Carn, one of the jurymen, was taken very ill in the Court House on Tuesday and was carried into one of the ante rooms for medical attention. We are glad to learn that he is better.

Mr. C. B. Glover is nominated in to-day's issue for the office of Probate Judge. Mr. Glover and Mr. B. P. Izlar are so far the only two candidates for this office. Both are excellent gentlemen and fully qualified for the position.

A runaway occurred on the road on the day of the picnic. A horse ran away with a buggy in which Mr. Stuart and Mr. Turner were riding upsetting the vehicle and breaking the shafts. Fortunately no further damage was done.

Mr. Jos. Eros desires to notify his patrons that the time for getting ice on Sundays is two hours before and two hours after service; that ice cream orders for Sunday delivery are received on Saturday up to 10 o'clock p. m.; also that he is paying the best price for eggs.

All Democratic Clubs are hereby requested to send in immediately, to J. L. Heidtman, Secretary of the County Democratic Executive Committee, the names of their President, post office address, and the names of their respective Clubs, and in what Township they are located.

The Southern Baptist Convention, in session in Lexington, Kentucky, is said to be one of the most important and interesting ever held. Dr. Boyce and Dr. Winkler, formerly of South Carolina, Gov. Brown, of Georgia, Gen. Hawthorne, of Texas, and Dr. Hiden of our State, are among the delegates present. The visitors went on an excursion to Cincinnati during the week. Much good has been done by the meeting.

The Independent and Comet colored fire engine companies, turned out on parade on Monday afternoon, and presented a very creditable appearance. Both companies were well manned, and the usual maneuvers were performed with great skill and promptness. At night a handsome collation was provided and partaken of, and, from all accounts, the order and decorum was exemplary.

The public spirit of the colored men comprising the companies is worthy of the highest commendation.

A mad dog, on last Saturday, cut up a number of antics of a rather dangerous character on Mr. Dukes' place. He got in the pasture and took after the hogs, but fortunately, as far as known, bit none of them. He was, several times, struck with a hoe by the colored people, and finally his throat was cut with an axe.

We are pained to learn of the death of Mr. Daniel Joiner, of the Fork, on Wednesday. He has been an invalid for a number of years, and at last his system has yielded to the encroachments of disease. He was a consistent member of the Methodist Church, and in his death a good man has passed away. Our sympathies are with the bereaved.

Mr. J. J. Street who sent his spanner on to Seneca Falls, N. Y., to be nickle plated, has received it beautifully finished. It is a great improvement as it saves cleaning and prevents rusting, and only costs 20 or 30 cents. All wishing this improvement can have it by leaving their spanners with the Secretary of the company.

Don't you forget it! Dr. Wanner's soda fountain is more popular than ever. In fact there has been such a demand for the cooling draught that the Doctor has been compelled to employ extra help in order to accommodate his large run of customers. Go and refresh yourselves and take your nearest friend along with you.

A little daughter of Mr. J. W. Wirt, who lives on the Santee, was severely kicked by a horse on last Friday. The bridge of her nose was broken, and her eyes swelled from the bruises until they were closed for three days. It was a distressing accident, but we are pleased to learn that she is getting along extremely well under the circumstances.

The following resolution was unanimously passed by the Y. M. C. A. at the meeting of April 30th, 1880, and ordered to be published in the county papers:

Resolved, That we are very thankful to the ladies who have shown their interest in our Association by the beautiful flowers placed on our table on two occasions, and the handsome watch stand and interesting games we find in the rooms.

We regret to learn of the serious illness of Mrs. Edwards, the estimable wife of Rev. R. J. Edwards; and also of the sickness of the latter, doubtless from deep anxiety of mind. We trust that the progress of the disease may be arrested, and that it may be the will of Providence to restore both to health.

Since writing the above we have learned that the Rev. R. J. Edwards is better.

The war about the change of county officers is assuming quite an interesting phase, and rather huge dimensions. Boliver and all the bar, except two, stand on one side, and the County Commissioners, the County Treasurer, and a number of citizens on the other. The Judge seems puzzled, and refers the matter back to the County Commissioners to take evidence. What is to be done with the irrepressible Boliver? It seems to require two offices, if the bar is right, to contain him.

Mr. F. A. Schifley, as we announced in our last issue, has opened his grocery on Russell street, near the Railroad corner, and like a wise man, as his advertisement in to-day's issue shows, he tells the people about it.

Mr. Schifley has had long experience in this line as a clerk, and now that he has launched out on his own account, we bespeak for him a liberal share of public patronage. He has a new and fresh stock, and keeps nothing but the best goods, which he sells at living prices. Go and try him.

The Sunday School at Trinity Lutheran Church in St. Matthews, we are glad to learn, is in a most flourishing condition. One secret of the success is that the grown people come into the Sunday School along with the children. We can never expect a school to flourish, be it day or Sunday School, where the parents take no interest themselves. If the children feel that the parents and grown persons are unconcerned, their interest will be sure to flag too. We are cheered by this report from old Trinity, and hope other Churches will take pattern. The Sunday School is the hope of the Church, and is a fruitful field in which to work for a blessing to the community.

A correspondent from Branchville writing to the Times, says:

The farmers are busy with their corn and cotton fighting the grass which the rains are pushing forward. Oats are fine. One bunch, measured at the post office, reached five feet eight inches, of which there are several acres of the same size. The town is making a start since the fire. W. H. Reedish, Post Master, has a fine post office built on Main street. The foundation of Mr. L. Pearlstone's new store on Railroad street, and Mr. W. H. Syphret's on Main street is about to be laid. The Railroad hotel is also undergoing repairs.

The new church is going on, and there are three fine schools in the town. The Court closes this week, the civil cases having been finished, and the juries dismissed on Wednesday. Judge Thomson has dispatched business with satisfaction to all concerned, and has produced a favorable impression as a Judge. The cases tried are mostly without public interest, and a report of them would be uninteresting. On Tuesday a rather amusing case came up between D. A. Straker and George Boliver which threw some light upon the doings of the party in the palmy days that are past. It was a suit for \$11.25, and kept Judge, juries and court officials at work for half a day at a cost to the county of probably ten times the amount.

The Democratic by standers were highly edified. Gen. Izlar pleaded for Boliver, and Straker for himself. The jury brought in a verdict for the latter.

A gloom was cast over our community on Saturday by the announcement of the death of Miss Sophie Clark, a most estimable and interesting young lady of the Methodist Church, whose amiable disposition and many christian virtues had won her a host of friends.

The funeral services were performed on Sunday morning in the Methodist Church, by Rev. F. Auld, a former pastor at this place, under whose pastorate she consecrated her life to the cause of her Master. The church was filled to its utmost capacity, and Mr. Auld preached one of the most impressive sermons from the text, so appropriate on this occasion, "Blessed are the dead which die in the Lord." The effect of his discourse was deep and marked upon the large congregation, and we hope, may prove a blessing to the living.

The christian life and peaceful end of the lovely subject of this brief notice will be a source of sweet consolation to the loving ones who are left behind, and should dry the tears from every weeping eye.

May we all strive to live and die as she has done, and be eternally blessed.

The examination of Mellichamp's school will take place at the school house on Monday, in Latin, philosophy, algebra, arithmetic, history, geography, grammar and other English branches.

The public exhibition, consisting of dialogues and exercises in declamation and music by the pupils, will take place in the Court House on Thursday evening.

The copy of "Pennyson" voted to the school at the Edisto Rifles' Fair for the best scholar will be awarded during the evening by Capt. Dibble of the Edisto Rifles. The Edisto Brass Band will dispense the music of the occasion.

During the exercises an opportunity will be allowed all disposed to throw in a dime or nickel for the benefit of the band, the public spirit and progress of the members of which deserves our encouragement. This, however, is entirely voluntary. There will be no entrance fee at the door.

All are cordially and earnestly invited to come free of charge, and by their presence lend encouragement to the cause of education.

Exercises commence promptly at 8 o'clock.

What is the matter? Why so pale so languid? Are you sick? Evidently, your liver is not doing its duty. You cannot live in comfort or peace until you are relieved. Go to the nearest drug store and buy a box of Dr. Gilder's liver pills. A few doses will restore you to perfect health, and give a rosy tint to your cheeks. For sale by Dr. S. A. Reeves.

Thousands of children are saved from disease and death every year by the timely use of Shiner's Indian Vermifuge, the popular remedy. Only 25 cents a bottle.

The Methodist picnic, on Tuesday, was a most interesting occasion to old and young alike. The Superintendent of the Sunday School, Mr. H. G. Sheridan, who was master of ceremonies, was earnest and untiring in his efforts to make the affair a success, and the excellent and accommodating Committee of Arrangements did all in their power to contribute to the enjoyment of the crowd assembled, and to cause every one on the ground to feel welcome. At an early hour the wagons commenced loading up in front of the church, and at about 8 o'clock the gay and happy procession commenced moving to the grounds under the inspiration of the most delightful music dispensed by our new band under Mr. Owens. The picnic was held on the beautiful grove of Col. A. O. Frederick, who not only kindly offered the place for the purpose, but, with his characteristic hospitality, busied himself during the whole day in moving to and fro among the visitors and making all feel at home.

The day was spent as usual at picnics, in various amusements, which the young ones enjoyed in the highest degree.

About 1 o'clock dinner was announced, and the large gathering drew around the tables which were loaded with everything the most fastidious taste could crave.

The feast provided could not be excelled, either in quantity or quality. All went away from the festive board fully satisfied, and yet there was much that was left.

After dinner a few showers of rain caused an earlier return to the town than was intended. At the call of the Superintendent the merry picnickers returned to the wagons, and reluctantly commenced the homeward journey. About 5 o'clock, amidst cheers and music they reached the town, and thus ended a most delightful day, the recurrence of which will be looked forward to with intense pleasure.

This Sunday School for many years past, has the largest and most flourishing school in the town, and probably, in the whole county.

As the years roll on may it continue to grow and prosper until its influence is felt in the whole community.

Will You Believe It?

Woman's best friend. To relieve the aching heart of woman, and bring joy where sorrow reigned supreme, is a mission before which the smiles of kings dwindle into utter insignificance. This is the peculiar province of Bradfield's Female Regulator, which, from its numberless cures, is appropriately styled "Woman's Best Friend." The distressing complaint known as "whites," and various irregularities of the womb, to which woman is subject, disappear like magic before a single bottle of this wonderful compound. Physicians prescribe it.

Prepared by Dr. J. Bradfield, Atlanta, Ga., and sold at \$1.50 per bottle by Dr. A. C. Dukes, and also by Dr. J. G. Wannamaker.

NOW IN PERFECT HEALTH.

NEED MARLETTA, Ga., March 21, 1870. Some months ago I bought a bottle of Bradfield's Female Regulator, and used it in my family with the utmost satisfaction; have recommended it to three other families, and they have found it just what it is recommended. The females who have used the Regulator are now in perfect health, and able to attend to their household duties. We cordially recommend it to the public. Rev. H. B. JOHNSON. may 14 1m
